## Safety Equipment

Eye/Face Protection	Hand Protection	Respiratory Protection	Protective Clothing	Hearing Protection
Fall Protection	Foot & Leg Protection	Confined Space	Calibration Gas	Regulators
Ergonomics/Matting	Eyewash/Showers	Hospital PAPRs	Facility Safety	Head Protection
First Aid Supplies	Lockout Tagout	Spill Control	Standard and Custom Signs	AED

## Portable Instruments

Aerosol/Dust Monitors	Anemometers	Tubes and Chips	Heat Stress
Indoor Air Quality Monitors	Moisture Meters	Personal Sampling Pumps	Portable Gas Detectors
Photoionization Detectors (PID)	Noise Dosimeters	Octave Band Analyzers	Sound Level Meters
Radiation Detection	Emissions Testing	Vibration Detection	Rental Instruments

## E-Commerce - www.ESafetyInc.com

- Established Customers: Purchase Order for Online Orders, Contract Pricing by Sign-in, Custom Catalogs By Sign-in, Detailed Reporting Available, Billing by Department
- Over 25,000 SKUs available

# iFacility Services

**innovative – integrated – industrial  
facility maintenance services in New England**

## Services

- Instrument Repair and Calibration - Service and repair of portable and fixed instruments for industrial hygiene, safety, and environmental applications
- Gas detectors, Photo Ionization Detectors (PID), Sound level meters, Noise dosimeters, Octave band analyzers, Aerosol/Dust analyzers, Indoor air quality monitors (IAQ), Anemometers, Personal sampling pumps, Combustion analyzers, Water level meters, Water quality instruments, Refrigerant monitors
- Respirator Maintenance Programs - Monthly/bi-annual/annual maintenance of SCBAs, PAPRs, and breather boxes
- Level A Suit Testing; Annual and post-use testing to ASTM standards;
- On-site and Ship-in Service

## Calibration Gases, Regulators, & Accessories

- NIST traceable Disposable and Refillable Calibration Gas Cylinders. Single Gas or Mixtures
- Full Line of Fixed Flow, Multi-Flow, and Demand Flow Regulators
- Sampling Hose, Fittings, Carry Cases, Stands

### Products

#### Analytical

- Gas Chromatographs
- FTIR Gas Analysis
- TDLAS Gas Analysis
- UV/IR Gas and Liquid Analysis
- EDXRF Spectrometers
- Mass Spectrometers
- Chemical Composition Analyzers
- Hydrocarbon Analyzer
- Ambient/Area Gas Detection
- Sample Conditioning
- Online Water Purity Monitoring

#### Moisture

- Hygrometers for Moisture Measurement in Gas/Air
- Nafion Gas Dryers/Humidifiers

#### Calibration

- Calibration gas and regulators
- Calibrators - Pressure, Temperature, Voltage, and Current
- Calibration Services

#### Level

- Radar level
- Gamma level

#### Emissions & Combustion

- Oxygen and Combustion Analyzers for Combustion Efficiency
- FTIR Gas Analysis
- TDLAS Gas Analysis
- Continuous Emissions Measurement Systems (CEMS), Air Pollution Analyzers
- Gas sample conditioning
- Portable combustion analyzers

#### Flow

- Fiscal Flow Measurement
- Impeller Meters
- Ultrasonic Meters
- Turbine Meters
- Differential Pressure Meters
- Averaging Pitot Meters
- Variable Area Meters
- BTU and Flow Monitors
- Flow Computers
- Density Meters

#### Temperature

- Non-Contact Infrared Temperature Measurement
- Thermal Imagers

#### Gas/Fire/Flame

- Toxic Gas Detectors
- Combustible Gas Detectors
- O<sub>2</sub> Monitors
- FTIR Portable Gas Analyzers
- Portable Gas Detectors
- Flame Detectors
- Fire Suppression Systems, Overhead Dual-Agent
- Open Path Gas Detection

#### Electrical

- Power Meters and Loggers
- Hazardous Area Barriers, Isolators, Horns, Strobes, and Electrical Equipment
- Feedthroughs (Sealing Glands)
- Non-Hazardous Area Instrument Enclosures

#### Data Loggers

- Power Loggers
- Paperless Recorders, Data Acquisition
- Time of Use Loggers

#### Water Quality

- Ultrapure Water (Pharmaceutical and Semiconductor Applications) Monitoring
- Steam and Condensate Monitoring
- Feedwater Monitoring
